

Karcher B90R

Code: KB90R

Compact commercial ride on scrubber. The B90R is the successor to the Karcher BR and BD Trike models.

It comes complete with a range of features and innovative cleaning technology including:

- 75 cm scrub path and 90 L tanks for efficient cleaning of large areas.
- Available with either BR Cylindrical brush head (with integrated pre-sweep) or BD Disc brush heads.
- Robust chassis and tanks, with 24V battery system for long run times.
- Brush pressure can be adjusted to match application.
- Clearly laid out controls and excellent sight lines ensure ease of operation.
- Compact design with 1.6m turning circle, can also fit through doorways and into lifts.
- In line polyester filter to help protect vac fan.
- Includes curved squeegee and powerful vac fan for optimum water pick up.

Applications: This unit is perfect for medium sized retail facilities that require daily cleaning, and other commercial cleaning applications.

Standard accessories: Twin roller, or disc brushes, batteries and charger.
