

MAXI

Code: SAN002

Professional Carpet & Upholstery Care

New Features:

- *High water lift vacuum*
- *5.5 Metre hose*
- *No drip brass quick*
- *Release hose fittings*

Manufactured by Santoemma Europe – 35 years of quality

Technical specifications:	Voltage:	220 – 240 Volt @ 50-60 Hz
	Tank Capacity:	Solution tank 30litres Recovery tank 30litres
	Tank Construction:	100% High Density Polyethylene - Virtually unbreakable
	Vacuum Motors:	1x Twin stage Bi-Pass 1500 watt
	Water Lift:	3000mm or 80 litres/second airflow
	Solution Pump:	135p.s.i. @ 4.5 litres/minute flow rate
	Dimensions:	380w x 500l x 775h
	Weight:	22kgs dry weight
	Colour:	Black/Red
	Max. Theoretical Cleaning Performance:	80m ² /hour

Comes complete with 5.5 m x 38mm vacuum hose, solution hose, stainless steel wand with 3x jet 300mm carpet tool. Upholstery tool optional in either plastic or metal.

Carpet Cleaners

Sabrina-Maxi

- A professional machine, with high-waterlift vacuum system, for cleaning medium areas of carpet.
- The new **high-water lift** vacuum system allows recovery of the maximum quantity of dirt from the carpet and enables the shortest drying time.
- Strong, compact and easy to carry, this machine is ideal for cleaning companies. Its small width makes it particularly suitable also for cleaning in trains, busses, cinemas and planes.
- The Sabrina Maxi can be supplied with the instant hot water unit (HT1800) and with the optional power brush wand (NS270BRUSH). Optional hand-tools are available, in plastic (NS10PN) or in aluminium (NS10ALL).

If equipped with the patented SMARTKIT system, it is possible to perform automatic chemical dosing, carpet pre-spraying and rinsing.

Main application fields: cleaning companies, hotels, restaurants, clubs, pubs, offices, banks, shops, rental companies, trains, busses, planes, cinemas, theatres, ferry boats, ships, schools, universities.

Injection-extraction cleaning

Advantages of Sabrina-Maxi:

1. **High-waterlift** technology allows incomparable dirt removal and shortest drying time: carpet can be dry in 1 hour!
2. The **size** of the machine is small compared to its tank capacity. The machine is easy to carry even in a small car.
3. Carpet tool with aluminium vacuum head, practically **indestructible**.
4. **Special profile** of the vacuum head, which allows to get the best suction even when the tool inclination changes.
5. The height of the handle is **adjustable**, for greater ergonomics. The handle allows the worker to lift the tool and to press the vacuum head down on carpet with a very little effort.
6. **Spraying valve** designed to avoid breakage.

Carpet Cleaners

7. Tubes in **stainless steel**, strong and rustproof for long life.
8. **Quick disconnect** spray nozzles, which can be removed by hand, without using any tool. The nozzles can be easily cleaned.
9. It is possible to attach the **optional instant hot water unit** (HT1800) to the machine, in order to make the cleaning even more effective.

Other technical advantages of Sabrina-Maxi:

1. High density polyethylene tanks, very strong and made for a long service life.
2. Transparent unbreakable cover, which allows operator to see the dirty water while it is being sucked from the carpet.
3. Drainpipe for easily emptying the recovery tank.
4. Drain valve for draining completely the solution tank.
5. The filter of the vacuum motor is easily removable for cleaning.
6. The gaskets are replaceable by hand since they are not glued. Easy to clean and change.
7. Strong wheels, in non-marking rubber.
8. Brass quick-disconnect couplings, reliable and strong.
9. Water pump with internal bypass, which allows an automatic regulation of the optimal water flow according to the tool used. Moreover, the bypass device makes the pump more reliable and avoids problems long term.
10. Water pump with external rectifier, specially designed for a greater reliability.
11. Vacuum motor with thermal protection against overload.
12. Vacuum motor treated against rust for longer life.
13. Both motor and pump can work continuously.
14. Modular design that makes the maintenance easier. The maintenance of the machine can be done at low cost.

Exclusive features

Now with 5.5 m hose and new no drip brass quick release fittings on the solution hose (pressure hose rated to 120 bar with swaged fittings)

Stainless and alloy wand with new reinforced spray jet bar. Easy to remove and clean quick release jets. Adjustable handle to suit operators comfort.

New reinforced spray bar on wand.

Optional: Clear plastic hand tool for seats and upholstery.
