

TENNANT BR-2000-DC

2000 rpm Suction Burnisher

CODE: TENBR-2000-DC

- Get superior gloss performance from the Tennant BR-2000-DC (replaces the Tennant 2370) ultrahigh speed dust control burnisher.
- This burnisher's low sound level, extremely low vibration and simple operation make it the best in its class.
- The 51 cm burnishing path is guided by a center caster for easy handling.
- Automatic vacuum actuation pulls the pad to the floor while the 2000 rpm pad speed delivers an outstanding shine.
- On board pad adjustment knob and amp meter make optimum down pressure adjustment easy.
- Ergonomic control grips help reduce operator fatigue by minimizing hand movement during startup and operation.
- Free floating motor, accommodates uneven floors
- Constructed of durable polyethylene that resists dents and cracks, the Model BR-2000-DC is built to last and can absorb the abuse of everyday use.
- The BR-2000-DC is perfect for use in noise sensitive environments like retail and educational facilities, office buildings and hospitals.
- Its low profile base allows the operator to clean hard to reach areas such as under toe-kicks, radiators and furniture.

Exclusive Tennant Warranty

- 10 years on roto molded parts
- 3 Years on parts
- 1 Year on labour

Backed by PowerVac parts and service
