CODE: WFP2 Basic

Price \$1,490 + GST

Options

Detergent Dispenser system	\$210
18" Brush	\$119
24" Gooseneck extension	\$69
3m Aero Control Extension	\$375

Entry Level Commercial Package for Pure Water Window Cleaning – includes:

- 12.5 litre WTS1 Portable De-ionisation System on Trolley. Lightweight trolley, compact and portable.
- 12.5 litres Mixed Bed Resin. Premium, long-lasting Thermax resin to remove dissolved solids and clea.
- 5 Micron Carbon Pre-filter. To maximise resin exchange capacity
- 7m (23') Aero Attack Kevlar Pole – modular 2 poles, 100% carbon, super strong and light unidirectional carbon fibre pole*. Removable sections and clamps. The ideal pole for 1-2 storey residential and commercial work. Featuring removable clamps and sections and Kevlar wear pads under all clamping points.
- 12" Alpha Shifter 308 Brush with 2 V-Jets – Designed for maximum filament contact with the glass, a brush that works like a scrubbing pad. Incredibly light with maximum scrubbing power
- TDS meter. For checking the total dissolved solids reading of the input and output water. After running through the DI it'll be 0, resulting in no spotting on the windows or panels
- Inline Pressure Gauge. Sturdy metal gauge that will measure water pressure up to 150psi
- 100m x 12mm hose & reel. To connect to your pole hose. Premium reinforced, durable 12mm hose
- Hose leader. To connect DI system to the hose reel
- 12m Pole Hose. Runs through the middle of your pole to ensure no snagging
- Pole Hose Valve to Pushfit Connector. Control the flow of water at the base of your pole without having to go back to your water source or DI system. Heavy duty!
- Connector protector. Protects pole hose valve when dragging on the ground
- Wiel-Loc Angle Adapter. Angle your brush head for the desired reach for hard-to-get windows or back panels. 10" reach with ability to use on any brush socket or pole end and add two arms

AERO WATER FED POLE SYSTEMS

// IF YOU FIND A BETTER POLE, BUY IT.

Easy to use, best strength-to-weight ratio pole system on the market

Highest strength, density & quality unidirectional carbon construction

Flared overlap pole base, so sections can't be accidentally over-extended

Replacement sections and clamps available

7m for 2 storeys / 10m for 3 / 13m for 4 / 16m for 5 / 19m for 6. Build your pole with extensions

Kevlar wear pads under clamping points, extending the life of sections and clamps

Lateral nylon / glass clamps that hold shape under heavy loads. Excellent adjustment range. Thumb nuts on levers. Removable, not glued

Alpha SHIFTER BRUSH

- Unsurpassed glass cleaning brush for initial to regular cleans
- Wash and rinse with brush remaining on glass
- Easy to use, lightweight and stable on glass. Will clean from a wide angle range
- 4 levels of trim and 3 different nylon and polyester bristle types for super efficiency
- Durable, long lasting and bristles keep their shape
