

Nilfisk HDS2000 Commercial Vac

CODE : NILHDS2000

The perfect choice for daytime cleaning

Nilfisk GD 2000-series is a high-performance professional vacuum cleaner. The exceptionally quiet operation down to 44 dB(A) (BS 5415 at low speed) makes it ideal for cleaning in noise-sensitive areas at any time. GD 2000 also offers top suction performance and superior filtration.

A wide range of filtration options are available, including HEPA filters.

Another unique feature is the motor cassette, which can be replaced by the operator.

Its 15 m cord means that you spend less time stopping to plug the machine in, while the 1.9 m hose ensures a wide working radius.

Nilfisk GD 2000 is ideal for daytime cleaning, where disturbance of occupants can be an issue - e.g. in noise sensitive areas like library, hospital, hotel and office.

PRODUCT FACTS

- Minimum sound level meets maximum suction performance
- Good filtration
- Do it yourself serviceability
- 15 meter cord
