## Numatic Rapid Clean Vac

Dry vacuum for commercial use – Made in England

A true professional vacuum with key features including; lower energy usage, lower noise levels, longer life, and user convenience.

- The AutoSave system automatically starts in the economy, energy conservation mode, immediately reducing your power requirements by half.
- If, at any time, more power is needed, one push of the Hi switch gives you literally twice as much, and the red light glows, a second push of the switch and you will automatically return to economy again. Simple green technology and yours to command.
- NST Sound Reduction - Numatic Sound Technology uses advancements in the movement of air moving from the motor to the vacuum exhaust to reduce sound levels created by the vacuum.
- The 10-metre cable storage system built into the top of the machine keeps everything neat and tidy.
- The giant Tritex filter system makes sure that what goes in stays in, and the highly efficient HepaFlo dust bags, improve filtration efficiency, cleanliness and capacity.
- Easy to change Hepa-Flo bags.
- Full accessory Kit E1 included as standard.

**Standard E1 Kit Includes:** Hose, aluminium hand piece, aluminium wands, combi floor tool, crevice nozzle, dusting brush, hose/tool adapter, upholstery tool.
