

TECHNICAL DATA SHEET

DEEP SCRUB RECOATING CLEANER

DESCRIPTION

Armor Plate Deep Scrub & Recoating Cleaner is a heavy-duty, water based cleaning concentrate designed for scrub / re-coat maintenance procedures. It is ideal for use in automatic scrubbers equipped with proper floor pad or brush. Using a neutral pH range formulation, Armor Plate Deep Scrub & Recoating Cleaner aggressively removes embedded soils and scuffs in upper layers of finish film, and prepares the surface for re-coating with a minimum of rinsing, saving time and labour.

PRODUCT FEATURES / BENEFITS

- Neutral range pH formulation
- Aggressively removes embedded soils / scuffs
- Reduced rinsing saves time and labour
- Use with standard floor machine or with automatic scrubber

DIRECTIONS FOR USE

DILUTE PRODUCT AS FOLLOWS:

Moderate soil /build-up Dilute 1 part AP Deep Scrub
Light finish removal Recoating Cleaner to
25 parts of warm water

Heavy soil /build-up Dilute 1 part AP Deep Scrub
Moderate finish removal Recoating Cleaner to
12 parts of warm water

After scrubbing, remove solution from floor with wet-dry vacuum or a clean mop. Damp mop rinse with clear water to remove any excess residue. Allow floor to completely dry prior to re-coating.

SCRUB/RE-COAT USING AUTOMATIC SCRUBBER:

Dilute AP Deep Scrub Recoating Cleaner in mop bucket according to above dilution directions. Liberally mop solution onto floor surface and allow to dwell for 1 to 4 minutes (depending on how deeply it is desired to scrub). Fill auto-scrubber with clear water, mount scrubbing pad or medium grade brush. With vacuum off and squeegee up, scrub the floor until all embedded soils and scuffs are removed from finish. Lower squeegee and vacuum all scrubbing solution. Using clear water from the auto-scrubber, rinse floor to remove any excess residue. Allow floor to completely dry prior to re-coating.

SCRUB/RE-COAT USING STANDARD 175 RPM FLOOR MACHINE:

Dilute AP Deep Scrub Recoating Cleaner in mop bucket according to above dilution directions. Liberally mop solution onto floor surface and allow to dwell for 1 to 4 minutes (depending on how deeply it is desired to scrub). With machine and scrub floor pad or brush, scrub surface of floor until all embedded soils and scuffs are removed from finish.

SPECIFICATIONS

Colour	Pink	Flash Point	None
Odour	Pleasant	Biodegradable	Yes
Actives (%)	18.2 ± 0.3	Specific Gravity (gr/cc)	1.020 ± .002
pH (Concentrate)	9 ± 0.2	Density (lbs/gal)	8.51 ± .015
pH (Use Dilution)	7.4 ± 0.2	Free Rinsing	Yes
Upper Cloud	> 140°F	Non Corrosive	Yes
Lower Cloud	< 25°F	Shelf Life	1 year minimum in original unopened container

SAFETY INFORMATION

CAUTION: HARMFUL IF SWALLOWED. MAY CAUSE SKIN AND EYE IRRITATION. KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin and eyes. Do not ingest. May cause gastric distress.

FIRST AID: For Eyes: Flush eyes with water for at least fifteen minutes. Seek medical attention. **For Skin:** Flush

skin thoroughly with water and apply emollient cream. If irritation persists, seek medical attention. If ingested: Do not induce vomiting. Give milk, egg white, gelatine or water. Seek immediate medical attention. Never give anything by mouth to an unconscious person.
