

EI 1511 ECON Pressure Washer

- Offering great value for money the Economical EI1511 Series is ideal for building and construction, automotive and agricultural applications.
- The EI 1511 is a single phase industrial water blaster, developed by Kerrick for Australian conditions. This electric pressure cleaner has a compact design and features that include a trolley with large 250mm wheels, a slow speed pump and heat dispersing coupling. Slow spinning motor 1440 R.P.M.
- Flex coupling drive between pump and motor to prevent heat transfer
- Gun with brass swivel
- Detergent injector
- Brass cylinder head pump
- Heavy duty unloader valve and thermal protection valve
- Easily manoeuvrable 2 wheel trolley

SPECIFICATIONS

Pressure:	1460 psi
