

HH3030, HH4021, HH5020 Industrial Petrol Pressure Washers

KERRICK
CODES: NKHH3020,4021,5020

- Water blasters don't get much more rugged than this... Mounted in an industrial roll frame to protect your asset from accidental damage this unit comes with a lifting point so it can be hoisted easily in and out of vehicles.
- The industrial GX Honda motor is coupled to a low speed Italian Hawk pump to provide consistent high pressure and flow so you can get your cleaning work done quicker.
- Choose from an impressive range of outputs including the HH3030 (3000 psi @ 30 L/min), the (HH4021 4000psi @ 21 l/min), and the HH5020 (5000 psi @ 20 L/min) these machines are ideal for industrial wash down and maintenance work.
- With the robust, high quality nature of this unit means you can rest assured they won't let you down!
- Kerrick can customize flow, pressure and layout/mounts to suit your needs.
- Electric start Honda 'V' Twin 20 HP GX Industrial Engine (includes battery).
- New robust galvanised 4 wheel frame, allowing easy manoeuvrability.
- Thermal dump valve, heavy duty by-pass valve, pressure gauge, filtration and all fittings.

SPECIFICATIONS

Pressure:	3000-5000 psi
Flow:	20-30 L/m
Motor Type:	Honda GX 20HP
Pump Speed:	1725 RPM
Max Temperature:	Cold Water
Hp Hose Type:	3/8 in double wire braid
Hp Hose Length:	10m
Weight:	95kg

ACCESSORIES

10m HP 3/8 inch two wire braid hose, Swivel Gun and Double Lance with Nozzles

OPTIONS
