

Rhino Hot Water Pressure Washer

- The Rhino packs plenty of punch with 1750 psi and a flow rate of 11 litres per minute.
- This high pressure cleaner is built with a powder coated steel frame and is designed to give easy access for maintenance.
- The stainless steel cover gives long lasting protection to your investment and the low speed Interpump ceramic plunger pump offers much longer operational life than older style high speed machines.
- Interpump low speed ceramic plunger pump with delayed stop to protect the pump from excessive shock loading
- High efficiency vertical boiler and double helix 3/8 steel coil
- High pressure detergent application
- Low fuel indicator
- Steam valve as standard
