

Nilfisk VHS42 L30 HAZ

30 Litre Vac certified for use with hazardous dust

CODE: NILVHS42 L30 HAZ

- The VHS42 series sets a new standard for design and feature level of the Nilfisk wet & dry vacuum portfolio.
- The VHS42 L30 Haz features the automatic InfiniClean™ filter cleaning system which ensures simple cleaning of the filter during operation, keeping suction performance on a high level. Downtime is reduced significantly, as the container can be filled up with minimal filter maintenance.
- The VHS42 comes with more suction power, and is certified for use with hazardous dust—designed to meet the tough requirements in building & constructions and other industries.
- The washable PTFE long-life filter minimizes maintenance and reduces the overall service cost.
- Safety bags with built in liner for easy and safe handling of hazardous waste.
- Easy handling and user-friendliness – also when it comes to transportation from one working site to another – are other valuable features for the VHS42.
- All models offer flexible storage solutions for tools and accessories
- Soft start will safeguard you for blown fuses.
