

# Galaxy

## 3 PHASE INDUSTRIAL CLEANER

- » 10 Bar steam pressure
- » 18kW heating power
- » 9L boiler
- » Detergent Injection
- » Dry and wet steam output
- » Optional vacuum

### Industrial 3Ø Steam Cleaner

The Galaxy is a large industrial machine with a unique boiler supplying 26.4 litres of dry saturated steam per hour at up to 10 Bar of pressure.

This a 'state of the art' industrial steam cleaner which has all the power and features expected of a large 3Ø machine.

The Galaxy is a mobile cleaning and sanitizing solution capable of delivering wet or dry vapour steam on demand in both static and continuous applications.

The Galaxy has a unique 4 level electronic regulator to give you quality wet steam or detergent injection for even quicker and more efficient cleaning when dry steam isn't enough

### Ideal for a range of industrial uses

The Galaxy is particularly well suited to specific target deep cleaning applications that require the highest level of hygiene, reliability and flexibility of application.

### Built to last

This is a high quality stainless steel industrial steam cleaner built to last and with the performance to take on the toughest cleaning jobs in your industry.

### A tool for every cleaning job

The Galaxy is standard with a 450mm steam only lance and a range of brushes. An optional vacuum kit allows for integrated vacuum and includes a steam and vacuum kit which includes a number of cleaning tools. There's also a variety of optional tools for specific applications including lances, window squeegees, scrapers and many more.

## Product Accessories

Optional Vacuum

Included Steam Only Accessories

Galaxy

## Product Specifications

Boiler steam temperature	182°C	Steam pressure	10 Bar
Boiler Heating time	5 - 6 minutes	Steam output maximum - Dry	26L/hr - 440g/min
Boiler material	Stainless Steel - AISI 304	Steam output maximum - Wet	36L/hr - 600g/min
Boiler capacity	9 L	Steam production and water fill	Continuous
Water tank capacity	40 L	Dry Steam regulation	Manual
Detergent injection volume	40/80/120/160 g/min	Wet steam regulation	40/80/120/160 g/min
Detergent tank capacity	2 x 5 L canister	Vacuum	Optional - 1200W
Steam hose	6m QR (option 10/20m)	Vacuum container	20L
Power required	415V-50 Hz	Dimension (L x W x H)	104 x 70 x 110 cm
Power cable length	10m	Dry weight	85 Kg (without vac)
Total power consumption	18,000 W	Standard accessories	Lance + Brush kit
