

Makita VC006

80V Battery Powered Brushless Dust Extraction Vacuum

The VC006GM provides a massive 3.7m³/min Max air volume and the dual filters clean themselves automatically during operation so you can be sure it is always extracting at the optimum rate. Featuring an M Class dust extraction certification, VC006GM includes a low airflow sensor to alert the user of a drop in performance. Makita's Auto start Wireless System (AWS) provides on demand dust extraction and Makpac connectivity allows for easy storage of your tools on top of the dust extractor.

Features

- Auto-start Wireless System (AWS) for on demand dust extraction
- Automatic filter cleaning mechanism
- Brushless motor delivers up to 350W of suction power.
- Flow rate sensor with low airflow alert
- Makpac connectability

Makita VC4210M	
Max Air Volume	61.6 L/sec
Max sealed suction	18 kPa
Suction Power	350W
Cont. runtime (2x BL4080F)	40min
Capacity	40L
Weight (skin only)	17kg
Voltage	80V (40Vx2)
