

i-mop 40 Plus

PowerVac
CLEANING EQUIPMENT & SERVICE

Heavy-duty floor scrubber dryer

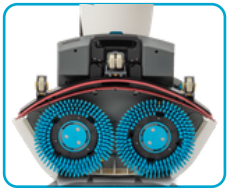

The i-mop 40 Plus is designed for commercial and industrial use, delivering reliable performance in high-traffic and chemically challenging environments.

Brushless vacuum motor

For extended lifespan and quieter operation.

HEPA 12 filtration

Enhances air quality by capturing fine dust particles.

Exceptional power

With 350 rpm brush speed, i-mop 40 Plus cleans 75% faster than traditional mopping and 20% faster than comparable scrubber dryers.

AKSU powder-coated deck

Superior resistance to corrosive substances.

Extreme mobility

Low profile deck to clean underneath objects and 360 degrees of flexibility.

Adjustable power settings

Choose high or low modes for tailored performance and quieter operation.

Diagnostics lights

To improve trouble shooting

Modular dock design

For easy service and quick repairs.

i-balance

Stabilizes the machine which reduces body strain.

Battery operated

Utilises portable lithium-ion batteries, eliminating trip hazards from power leads.

Easy click squeegee

Quick to replace.

Technical Specifications

Theoretical performance **1400 m² per hour**

Clean water tank **3 L**

Recovery clean tank **4 L**

Brush speed **350 RPM**

Scrub width **40 cm**

Brush pressure **18.5 kg**

Battery **i-power 14L**

Runtime **71–81 min**

Charge time **2 hours**

Why i-mop 40 Plus?

- Adjustable power settings
- HEPA 12 filtration – captures fine dust, enhancing air quality in hygiene-critical spaces.
- Brushless vacuum motor
- i-link connectivity (optional)
- AKSU powder-coated deck – resists corrosion, ideal for chlorine- and chemical-heavy environments.
- i-dose System – delivers precise cleaning solution dosing, minimizing waste and chemical use.
- i-balance® Technology – stabilizes the machine, reducing operator strain.
- Easy-click squeegee – quick, tool-free replacement.
