i-scrub™ 21B

Small effort. Big impact.

i-team®

INQUIRE. INNOVATE. INSPIRE

PowerVac
CLEANING EQUIPMENT & SERVICE

Save time with **mechanical scrubbing**

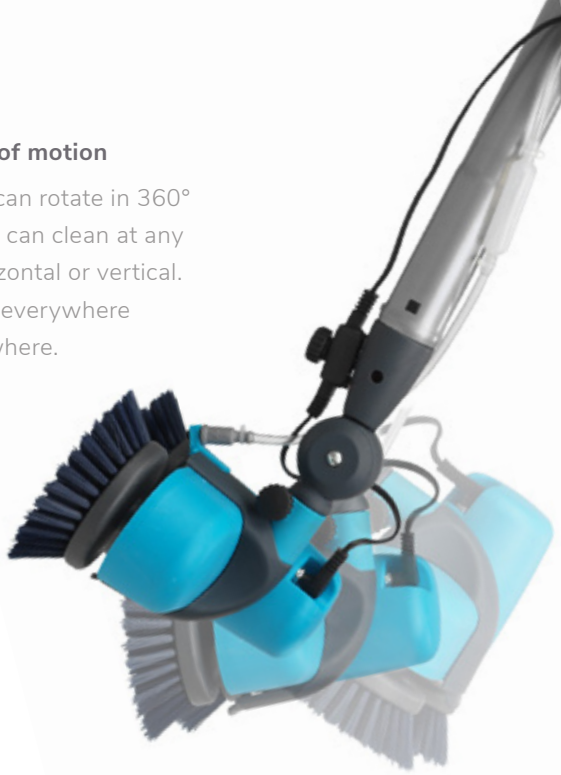

Double disc action with the flexibility to even scrub areas in a vertical position. Equipped with an adjustable head & 360° of free-range motion. With a powerful engine that achieves 400 RPM using two discs, it's a brilliant machine that allows the user to scrub any surface with extreme power. You can manually dose your solution with the push of a button. Easily convert your machine into a handheld unit for polishing, powered by Li-ion battery technology for the same power.

Key features

360 degrees of motion

The adjustable head can rotate in 360° and is so flexible you can clean at any angle, may it be horizontal or vertical. Start scrubbing everywhere and anywhere.

Dual brush heads

We have equipped the i-scrub 21B with two brush heads, for higher mechanical power and cleaning narrow gaps in sturdy areas.

Centralized controls

The in height adjustable telescopic wand is easily controlled at the grip. All of your actions, switches and controls are within the reach of your fingertips.

Manually dose

You can manually dose your solution to your satisfaction with the push of a button. Get your areas clean on your own terms.

Bag your equipment **& keep it together**
