i-vac® 30ur

i-team®
Australia | New Zealand

The most flexible of its kind

INQUIRE. INNOVATE. INSPIRE

PowerVac
CLEANING EQUIPMENT & SERVICE

In for a **smooth ride**

Vacuuming on another level. Years of innovation and development have perfected the i-vac series, and the 30UR series is the culmination of feedback from the cleaning industry. The ergonomic handle, inspection door for blockages, soft rear castors with ball bearing, the equipment tag and the Whizzo indicator, complete this beautiful machine.

PowerVac
CLEANING EQUIPMENT & SERVICE

Key features

Flat operation

The i-vac 30UR can operate completely flat, so you can reach all of these hard-to-reach spots such as under furniture, desks, equipment, or any other obstacles.

Easy repair & replacement

Quick disconnect of upper body from the motor deck for easy repair and replacement. To make your life easier, we added a detachable powercord. No technical support needed.

Whizzo

Patented Whizzo indicator: It makes a loud high tone when the bag is full or the vacuum is clogged. Additionally, it supplies the motor with cooling air to avoid temperature peaks.

Reach high places

Telescopic wand to easily reach high areas and provides an ergonomical way of operating the machine.

Technical specifications

Weight of product	8.3 kg
Size body (l x w x h)	34 x 31 x 70 cm
Hose length	220 cm
Cable length	1200 cm
