PowerVac
CLEANING EQUIPMENT & SERVICE

Small in size
Big on power

The vac 5B is a powerhouse machine that gets the job done. A well trusted name in the community, The vac 5B has surprised every user with its proven mobility, design and power. The vac 5B is used for offices, carpet cleaning, households, cabinets, wardrobes, and much more.

High powered engine

High powered motor reaches about 80% (indication) of the suction power that cable operated vacuums use, without the strain of being tied down to one place.

PowerVac
CLEANING EQUIPMENT & SERVICE

Key features

Canister & more

Egg shaped canister for optimal working in smaller areas and close-to-body carrying. Equipped with a lighted on/off switch, so that you can easily troubleshoot over the phone in case of power failures or any other technical difficulties. Also includes a detachable power cord.

Bag with lock

5 liter bag volume with a lock to avoid dust leakage when taking out the bag. You can choose between a paper bag, or a microfiber bag.

Integrated tool holders

All of the accessories and necessary equipment supplied with the machine can be stored on the machine.

3 piece wand & flexible hose

Double extrusion for extra stability at both ends, as they are the most stressed areas.

Carry-on everywhere

A sturdy and ergonomic main handle provides a freedom of mobility you haven't experienced before. The vac 5B goes wherever you go!

i-brush

In need of some extra power to get the job done? Dirt and dust disappear with the revolving brushes inside our power nozzle.

- On and off control at your fingertips
- Height adjustment with the pedal
- LED lighting for working area
- Telescopic wand with integrated cable and hose
